

AI Content Policy

Purpose

El Roi Digital Ministries may utilize artificial intelligence tools to assist in the development of educational materials, digital resources, and ministry content.

The purpose of these tools is to **enhance ministry outreach while maintaining biblical accuracy and integrity.**

Human Oversight

All AI-generated content must be reviewed and approved by ministry leadership before publication.

AI tools may assist with:

- writing assistance
- research support
- editing
- content formatting
- translation

However, AI tools shall **not replace human theological review or pastoral oversight.**

Doctrinal Integrity

All teaching materials published by the ministry must align with the ministry's **Statement of Faith and biblical teaching.**

AI tools may not be used to generate content that contradicts the ministry's doctrinal positions.

Transparency

Where appropriate, the ministry may disclose that certain materials were developed with the assistance of AI technology.

Adoption

This policy was approved electronically by the Board of Directors through the official Board Portal and is maintained as part of the ministry's official records.
